

- Lightweight, ergonomic handling for transportation.
- Space-saving storage of high pressure hoses.
- Easy to wind on and off.
- Robust and long-lasting design.
- Complete galvanizing provides corrosion protection.

Technical data

Cage diameter:	790 mm	1000 mm
Hose winding guide diameter:	min. 30 mm	min. 30 mm
Trolley:	2 wheels	2 wheels
<u>High pressure hoses</u>		
Inner diameter:	i/d 5 - 8 mm	i/d 10 - 12 mm
Max. length:	40 m	40 m
Weight:	15 kg	18 kg

Unwind and completely remove the hose from the hose reel before connecting to the pump!

NEVER pressurise the hose when it is on the reel!

Code no.	04.04925.0003	04.04925.0004
